AUG 30 2016

CITY CLERK

We live on a dead end road at 1013 East Royse Drive, and yet people drive like maniacs. There is absolutely no reason to go so fast, and yet there are no speed limit signs and there are small children at play that often ride their bikes down the street.

We were wondering what it would take to get some signs posted? It would be nice if the speed limit were to be between 15-20 mph and some "Children at play" signs posted and maybe even a "Dead end" so people who have no business coming down our street would stay out instead of cruising and cruising fast.

Thank you in advance for your reply.

Candy,

That request needs to be made to the office of Engineering (812 244-4903), or your city councilman can help you with the procedure.

Dear Sir,

I don't know who the appropriate person to speak with is, so I will ask you for help in finding out. I live at 1013 East Royse Drive, which is down the road from Regional Hospital and across the street from Rae Park golf course.

We live on a dead end road, and yet people drive like maniacs sometimes driving past our home. There is absolutely no reason to go so fast, and yet there are no speed limit signs and there are small children at play that often ride their bikes down the street.

My husband and I were wondering what it would take to get some signs posted? It would be nice if the speed limit were to be between 15-20 mph and some "Children at play" signs posted and maybe even a "Dead end" so people who have no business coming down our street would stay out instead of cruising and cruising fast.

Thank you in advance for your reply.

Sincerely,

Candy J. Beard, CEO & Executive Producer
